NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2019**

Basis of reporting

Reporting entity

The Fund is constituted by a Master Trust Deed (Trust Deed) dated 1 December 2008 (as amended and restated on 26 November 2012 and 1 December 2014) between The New Zealand Guardian Trust Company Limited (Supervisor) and Heartland PIE Fund Limited (Manager). The Manager is a subsidiary of Heartland Bank Limited (Heartland Bank) and has appointed Heartland Bank as Registrar in accordance with the Registry Management Agreement dated 26 November 2012. The Registrar provides all services to, or for, the Manager.

The Fund is domiciled in New Zealand and its registered office is Heartland House, 35 Teed Street, Newmarket, Auckland 1023, New Zealand.

The financial statements for the Fund comprise of the following types of account:

- Heartland Cash PIE Account
- Heartland Term PIE Account

Basis of preparation

These financial statements have been prepared by the Registrar in accordance with the Trust Deed and Generally Accepted Accounting Practice in New Zealand (NZ GAAP). They comply with New Zealand equivalents to International Financial Reporting Standards (NZ IFRS), and other applicable financial reporting standards as appropriate to profit-oriented entities. The Fund is a profit-oriented entity.

These financial statements are presented in New Zealand dollars which is the Fund's functional currency. Unless otherwise indicated amounts are rounded to the nearest thousand.

The financial statements have been prepared on the basis of historical cost, unless stated otherwise.

Comparative information

Certain comparatives have been restated to comply with current year presentation.

Changes in accounting policies

The Fund adopted NZ IFRS 9 - Financial instruments (NZ IFRS 9) from 1 July 2018. The adoption of NZ IFRS 9 has had no impact on the Fund's financial statements and no adjustments are noted on transition.

Estimates and judgements

The preparation of financial statements requires the use of management judgement, estimates and assumptions that effect reported amounts. Actual results may differ from these judgements.

Performance

1 Segmental information

The Fund operates in one industry segment, being the financial investment sector, and in one geographic segment, being New Zealand.

2 Revenue recognition

Revenue is recognised to the extent that it is probable that economic benefits will flow to the Fund and that revenue can be reliably measured. The principal source of revenue is interest income. For financial instruments measured at amortised cost, the effective interest method is used to measure the interest income recognised in profit or loss.

3 Income tax

The Fund qualifies as and has elected to be a Portfolio Investment Entity (**PIE**) for tax purposes. Under the PIE regime, income is effectively taxed in the hands of the Unit Holder and therefore the Fund has no tax expense or deferred tax assets or liabilities. Accordingly, no income tax expense is recognised in profit or loss.

As a PIE, each Fund allocates all of its taxable income (or losses) between its unit holders based on the number of units held by each unit holder. Consequently the Fund has no liability for income tax in its own right. The Registrar has calculated tax payable on income allocated to each unit holder at their nominated Prescribed Investor Rate (**PIR**) by deducting the amount of tax from their number of units held in the Fund.

The Registrar has withheld \$1,333k (June 2018: \$926k) of tax payable on income allocated to each investor, of which \$31k (June 2018: \$27k) remains due to the Inland Revenue.

Financial position

4 Investments

The valuation of investments in Heartland Bank's Term and Call Deposits (Deposits) takes into account the accrual of interest. These investments are classified as loans and receivables and are measured at amortised cost using the effective interest rate method. This approximates their fair value.

Repricing and maturity analysis of investments

The interest rate risk profile of investments that follows has been prepared on the basis of maturity which is the repricing date.

	2019	2018
	\$000	\$000
On demand	4,172	4,241
0-6 months	66,757	66,383
6-12 months	56,743	33,073
1-2 years	13,039	9,423
2-5 years	5,382	1,974
Total	146,093	115,094

The effective weighted interest rate of these investments as at 30 June 2019 is 3.55% p.a (June 2018: 3.63%).

5 Unit Holders' Funds

Unit Holders' funds are classified as liabilities as they do not have identical features and therefore do not meet the definition of a puttable financial instrument under *NZ IFRS 7 Financial Instruments: Disclosure*.

	2019	2018
	\$000	\$000
Units on issue		
Units on issue at beginning of the year	115,094	93,998
Units issued during the year	73,797	64,483
Units redeemed during the year	(42,798)	(43,387)
Total movements for the year	30,999	21,096
Units on issue at end of year	146,093	115,094

As discussed in notes 9 and 10, the Fund matches the term of its investments in Heartland Bank Deposits with the term of the units on issue. Accordingly, the maturity profile of the Unit Holders' funds mirrors that of the investments in note 4.

- b) Fees and expenses, including audit fees are paid on behalf of the Fund by Heartland Bank, in its capacity as the Registrar of the Fund. 	\$000	\$000
Related party Unit Holders' investing		
Closing balance	25	25
Contributions	-	-
Redemptions	-	-

7 Fair Value

The Fund measures fair values using the following fair value hierarchy, which reflects the significance of the inputs used in making the measurements.

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (derived from prices).

Level 3: Inputs for the asset or liability that are not based on observable market data (unobservable inputs).

The Fund recognises transfers between levels of the fair value hierarchy as at the end of the reporting period during which the change has occurred.

Investments in Heartland Bank deposits

The fair value of all investments in Heartland Bank deposits are considered equivalent to their carrying value due to their short term nature (Level 1 in the fair value hierarchy).

Other receivables and other liabilities

The Fund has not disclosed the fair values for financial instruments such as short-term trade receivables and payables, because their carrying amounts are a reasonable approximation of fair values (Level 3 in the fair value hierarchy).

Risk management

8 Credit risk

Credit risk is the risk that a borrower will default on any type of debt by failing to make payments which it is obligated to do so. The Fund invests only in deposits with Heartland Bank and the Fund's maximum credit risk is considered to be the carrying value of this investment. The Funds credit risk is mitigated by Heartland Bank's external credit rating of BBB (Outlook Stable) by Fitch Ratings.

9 Liquidity risk

Liquidity risk is the risk that the Fund may encounter difficulty in raising funds at short notice to meet its commitments and arises from any mismatch of the maturity of monetary assets and liabilities. The Fund manages this risk by matching the term of its investments in Heartland Bank Deposits with the term of the units issued. In the event the Unit Holders redeem their investments in the Fund, the Fund also has the ability to withdraw its underlying investments in Heartland Bank. The Fund is reliant on Heartland Bank repaying the Fund at the required time.

10 Interest rate risk

Interest rate risk is the risk that market interest rates will change and impact on the Fund's financial results by affecting the margin between interest earning assets and interest bearing liabilities.

In the Heartland Term PIE Fund, the interest rates on Unit Holders' contributions are determined at the time of contribution. The agreed rate is locked in by Heartland Bank as Registrar through simultaneous investment in Heartland Bank Deposits. No interest rate fluctuations can occur on this account during its term.

In the Heartland Cash PIE Fund, interest rates are effectively matched between the deposits the Fund holds with Heartland Bank and the investments the Unit Holders hold in the Fund. Therefore, the Fund is not exposed to interest rate risk and sensitivity analysis is not presented.

- the statements of comprehensive income, changes in net assets attributable to unit holders, and cash flows for the year then ended; and
- notes, including a summary of significant accounting policies and other explanatory information.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (New Zealand) ("ISAs (NZ)"). We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

We are independent of the Fund in accordance with Professional and Ethical Standard 1 (Revised) *Code of Ethics for Assurance Practitioners* issued by the New Zealand Auditing and Assurance Standards Board and the International Ethics Standards Board for Accountants' *Code of Ethics for Professional Accountants* ("IESBA Code"), and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code.

Our responsibilities under ISAs (NZ) are further described in the auditor's responsibilities for the audit of the financial statements section of our report.

Our firm has also provided other services to the Fund in relation to supervisor reporting and registry assurance. Subject to certain restrictions, partners and employees of our firm may also deal with the Fund on normal terms within the ordinary course of trading activities of the business of the Fund. These matters have not impaired our independence as auditor of the Fund. The firm has no other relationship with, or interest in, the Fund.

Use of this independent auditor's report

This independent auditor's report is made solely to the unit holders as a body. Our audit work has been undertaken so that we might state to the unit holders those matters we are required to state to them in the independent auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the unit holders as a body for our audit work, this independent auditor's report, or any of the opinions we have formed.

Responsibilities of the Manager for the financial statements

Our objective is:

- to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error; and
- to issue an independent auditor's report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs NZ will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error. They are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of these financial statements is located at the External Reporting Board (XRB) website at:
